

Raincaps type RKB-L (Light)

Protect your engine and exhaust system for bad influence of rain and snow by a TIO stainless steel raincap type RKB-L.

- easy mounting
- maintenance free construction
- low backpressure
- for pipes from 1,5" up to 24"
- 'silent' execution

TIO raincaps type RKB-L are so well balanced that they open directly after the start of the engine and close when the engine stops.

Type specification

RKB-L
